

The Lawn Club Grill

Celebrity SilhouetteSM & Celebrity ReflectionSM

The Lawn Club Grill is a highly interactive, high energy, open-air restaurant celebrating the flavorful joys of outdoor grilling — with cosmopolitan flair. Featuring a gourmet salad bar, build-your-own flatbreads and more than 12 grilled specialties, the Lawn Club Grill is the industry's first open air, interactive grilling restaurant. In addition, guests can enhance their dining experience as the "Grill Master," and grill their own food.

Specifically chosen by their party to serve as the hands-on cook for their Lawn Club Grill experience, the Grill Master will be paired with a Celebrity Cruises chef to prepare the menu for their guests over our customized ventilated grills. Guests desiring a more traditional experience can also choose to have our chefs prepare everything for them.
